| | EAZWV/AAZV member fee: 70 Euro |
| | Student fee: 50 Euro |
| Participation fee includes: | Admission to the zoo |
| Workshop description: | <p>This workshop, appropriate for veterinarians of all levels, is intended to provide the knowledge and practical skills necessary to effectively examine and treat birds in daily zoo and exotic animal practice. The workshop is divided in two parts: the first part is didactic and includes an introductory PowerPoint presentation highlighting unique and easy handling techniques for avian species, restraint and patient examination, radiograph positioning and evaluation, venipuncture, and a variety of procedures that may be performed in birds. The second part will present practical cases and attendees will have the opportunity to practice these techniques on live animals.</p> |
| Participants need to bring along: | Some cash for lunch (zoo restaurant) |
